BUY TOOLS

Replacement: fuel filter – Ford Mondeo BWY. AUTODOC recommends:

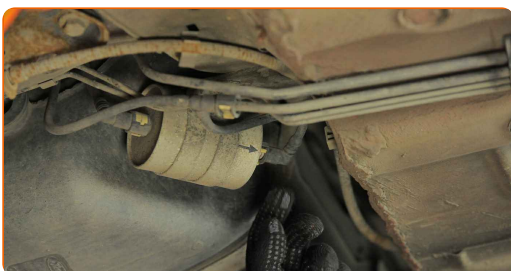

- Ensure adequate ventilation of the workplace. Fuel vapors are poisonous.
- All work should be done with the engine stopped.

REPLACEMENT: FUEL FILTER – FORD MONDEO BWY. USE THE FOLLOWING PROCEDURE:

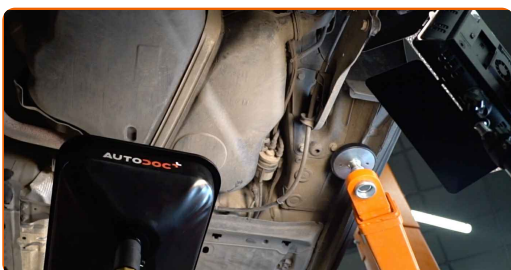

1 Lift the car using a jack or place it over an inspection pit.

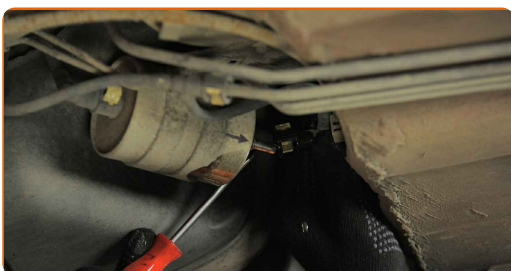

2 Clean the fasteners of the fuel supply lines. Use a nylon cleaning brush. Use all-purpose cleaning spray.

3 Prepare a container for fluids.

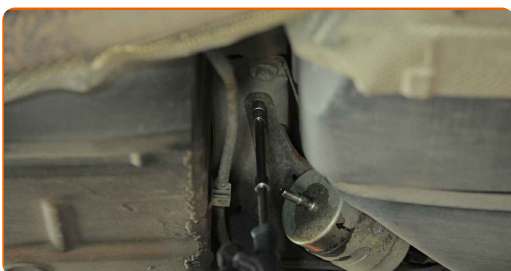

- 4** Squeeze the clips and detach the fuel supply lines from the fuel filter housing. Use round-nose pliers. Use a flat screwdriver.

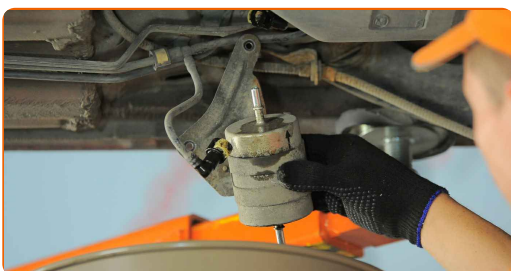

Replacement: fuel filter – Ford Mondeo BWY. Tip:

- Be careful! Fuel may leak from the filter housing and hoses.

- 5** Unscrew the fuel filter bracket fixing bolts. Use a drive socket #8. Use a ratchet wrench.

- 6** Remove the fuel filter together with its bracket.

7 Unscrew the fuel filter bracket. Use a drive socket #8. Use a ratchet wrench.

8 Remove the fuel filter.

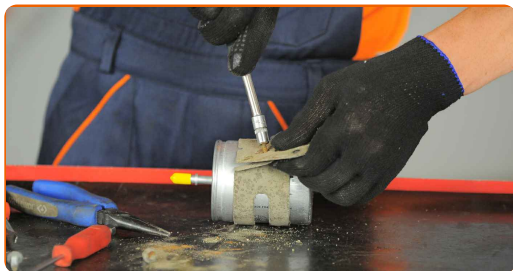

9 Install a new fuel filter.

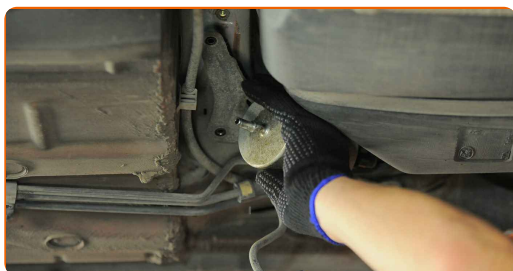

AUTODOC recommends:

- Make sure that the fuel filter is positioned correctly. Consider the fuel flow direction mark.
- During installation, take care to prevent dust and dirt from getting into the fuel filter housing.
- Ford Mondeo BWY – It's important to only use high-quality filters.

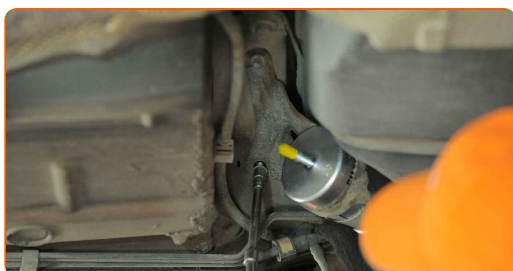

10 Screw in the fuel filter mounting bracket. Use a drive socket #8. Use a ratchet wrench.

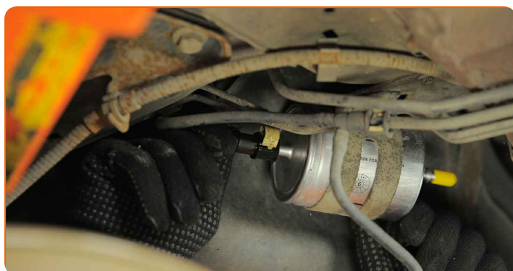

11 Install the new fuel filter together with its bracket.

12 Screw the fixing bolts of the fuel filter bracket. Use a drive socket #8. Use a torque wrench. Tighten it to 9 nm torque.

13 Connect the fuel lines to the fuel filter and lock the fastening clips.

14 Take the fluid container away from under the fuel filter.

15 Lower the car.

Replacement: fuel filter – Ford Mondeo BWY. AUTODOC experts recommend:

- Before starting off, switch the ignition on and off several times. This should be done to activate the fuel pump to make it pump fuel through the fuel system.

16 Run the engine for a few minutes. This is necessary in order to make sure that the component operates properly.

17 Shut off the engine.

Replacement: fuel filter – Ford Mondeo BWY. Tip from AUTODOC:

- To protect the environment from pollution, be sure to dispose of the used filters at special collection points.

WELL DONE!
