**BUY TOOLS**

Replacement: headlights – Toyota Aygo AB1. AUTODOC experts recommend:

- The replacement procedure is identical for the right and left headlight.
- All work should be done with the engine stopped.

## REPLACEMENT: HEADLIGHTS – TOYOTA AYGO AB1. TAKE THE FOLLOWING STEPS:

**1** Switch off the ignition.

**2** Open the hood.

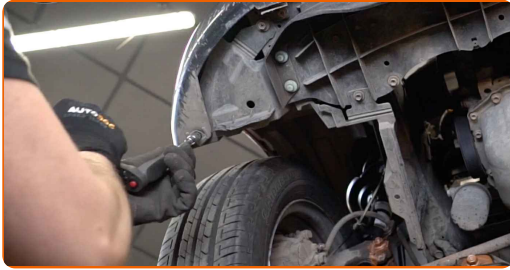

**3** Use a fender protection cover to prevent damaging paintwork and plastic parts of the car.

**4** Lift the car using a jack or place it over an inspection pit.

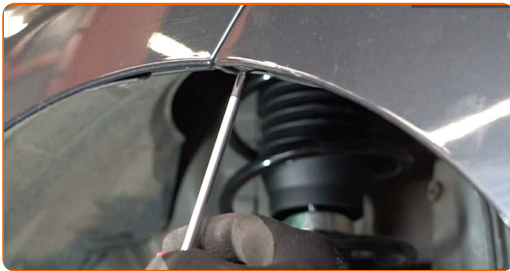

5

Unscrew the lower fasteners of the bumper. Use a drive socket #10. Use a ratchet wrench.

6

Unscrew the side fasteners of the bumper. Use a Phillips screwdriver.

7

Remove the bumper clips. Use a clip removal tool.

8

Unscrew the upper fasteners of the bumper. Use a drive socket #10. Use a ratchet wrench.

9

Carefully release the bumper from the fasteners.

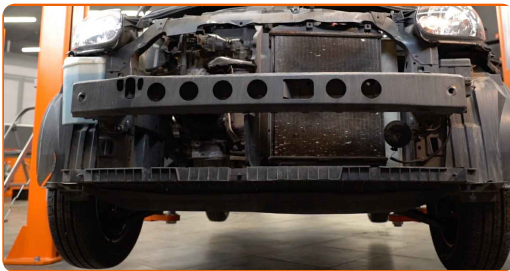

**AUTODOC recommends:**

- Replacement: headlights – Toyota Aygo AB1. Do not use excessive force when removing the part as this may damage it.

10

Remove the bumper.

11

Unscrew the headlight fasteners. Use a drive socket #10. Use a ratchet wrench.

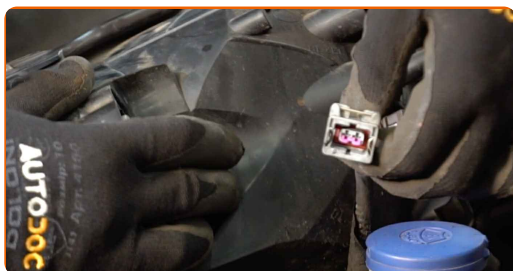

12
