This tutorial was created based on the replacement procedure for a similar car part on: NISSAN Leaf I (ZE0) Electric

REPLACEMENT: POLLEN FILTER – NISSAN JUKE (F15).  
TOOLS YOU MIGHT NEED:

- Phillips screwdriver

[Buy tools](#)

Replacement: pollen filter – NISSAN Juke (F15). Tip from AUTODOC:

- Replace the cabin filter at least once every six months, in early spring and autumn seasons.
- Follow the terms, recommendations and requirements of the part operation provided by the manufacturer.
- If the air flow into the cabin has sharply reduced, replace the filter before a scheduled maintenance.
- All work should be done with the engine stopped.

**REPLACEMENT: POLLEN FILTER – NISSAN JUKE (F15). USE THE FOLLOWING PROCEDURE:**

1

Move the passenger seat fully backwards.

2

Remove the protective cover under the glove box.

3 Open the glove box.

4 Unscrew the glove box fastening screws. Use a Phillips screwdriver.

5 Pry up, carefully release from the fasteners and remove the side trim panel on the passenger side.

6 Remove the glovebox.

Replacement: pollen filter – NISSAN Juke (F15). AUTODOC experts recommend:

- Be careful to avoid damaging the glove compartment fasteners.

7 Remove the cabin filter housing cover.

8 Remove the cabin filter.

Replacement: pollen filter – NISSAN Juke (F15). Tip from AUTODOC experts:

- Do not attempt to clean and reuse the filter - it will affect the quality of air cleaning inside the car.

9 Install the cabin filter to its mounting seat.

AUTODOC recommends:

- Replacement: pollen filter – NISSAN Juke (F15). Be sure to position the filtering element correctly. Avoid misalignment.
- Follow the air flow direction arrow on the filter.
- Attention! Use quality filters – NISSAN Juke (F15).

10

Reinstall the cabin filter housing cover. Make sure you hear a click indicating that it is locked in place.

11

Install the glove box.

12

Screw the glove box fastening screws. Use a Phillips screwdriver.

13

Install the side trim panel. Position the part using the guides and lock the fasteners.

**AUTODOC recommends:**

- Replacement: pollen filter – NISSAN Juke (F15). Do not use excessive force during installation. This may damage the fasteners.

14

Close the glove box.

15

Install and secure the protective cover under the glove box.

**AUTODOC recommends:**

- Replacement: pollen filter – NISSAN Juke (F15). Do not use excessive force during installation. This may damage the fasteners.

16

Return the passenger seat to its initial position.

17

Switch on the ignition.

18

Switch on the air conditioning system. This is necessary in order to make sure that the component operates properly.

19

Switch off the ignition.

**WELL DONE!** 👍
