**Buy tools**

Replacement: fuel filter – PEUGEOT EXPERT Platform/Chassis (223). Tip from AUTODOC:

- Ensure adequate ventilation of the workplace. Fuel vapors are poisonous.
- Please note: all work on the car – PEUGEOT EXPERT Platform/Chassis (223) – should be done with the engine switched off.

**CARRY OUT REPLACEMENT IN THE FOLLOWING ORDER:**

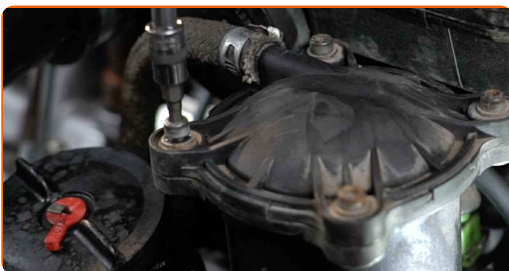

**1** Open the hood.

**2** Use a fender protection cover to prevent damaging paintwork and plastic parts of the car.

**3** Clean the fuel filter housing and the cover. Use all-purpose cleaning spray.

**4** Unscrew the fasteners of the fuel filter cover. Use HEX No.H4. Use a ratchet wrench.

**5** Remove the fuel filter housing cover.

**6** Remove the fuel filter.

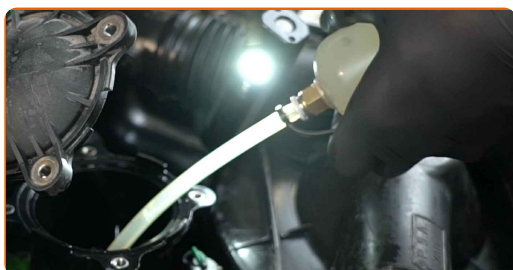

Replacement: fuel filter – PEUGEOT EXPERT Platform/Chassis (223).  
AUTODOC recommends:

- Be careful! Fuel may leak from the filter housing and hoses.

**7** Put the old filter cartridge in the container.

**8** Pump the fuel out of the fuel filter housing. Use a hand-operated fluid syringe.

**9** Install a new fuel filter.

**AUTODOC recommends:**

- Make sure that the fuel filter is positioned correctly. Consider the fuel flow direction mark.
- During installation, take care to prevent dust and dirt from getting into the fuel filter housing.
- PEUGEOT EXPERT Platform/Chassis (223) – It's important to only use high-quality car parts.

**10** Install and tighten the cap of the fuel filter housing.

**11** Tighten the fasteners of the fuel filter housing cover. Use HEX No.H4. Use a torque wrench. Tighten it to 9 Nm torque.

**12** Clean the fuel filter housing and the cover. Use all-purpose cleaning spray.

**13** Prime the fuel system manually.

**14** Run the engine for a few minutes. This is necessary in order to make sure that the component operates properly.

**Replacement: fuel filter – PEUGEOT EXPERT Platform/Chassis (223).  
Professionals recommend:**

- To protect the environment from pollution, be sure to dispose of the used filters at special collection points.

**15** Shut off the engine.

**16** Remove the fender protection cover.

**17** Close the hood.

**WELL DONE!**
